AN ILIM SCHOOL INVESTMENT

ILIM School is a unique **IMPACT** investment opportunity wherein partners can invest one time and yield TWO returns on investment.

Our educational model focuses on developing the whole child. ILIM School is currently the only educational model of this kind. It merges a multiple language immersion program with the Montessori and Reggio methodologies, while also infusing, the Arts, music, cultural studies, finance/economics, & STEM.

The model prepares students for an advanced education, that teaches new and relevant information, while also developing the student's fluency in the world's 4 most widely spoken languages. We prepare our students to interact on a global level, further developing them to participate in future globalization.

1

EARNING ROI FINANCIALLY
ILIM School currently has over 600 pre-registered students in the charlotte market alone, which is indicative of the vast demand & opportunity for our business and educational model to experience exponential growth in revenue and expansion.

2

EARNING ROI THROUGH THE IMPROVED US SOCIAL AND ECONOMIC STATUS
Studies show that investing in a child's early childhood education yields \$4-\$9 for the economy with every \$1 spent. This helps to further protect other investments.
